

## CO STEM Hub Lending Library is OPEN

The Central Oregon STEM Hub Lending Library is open - cleaning protocols are in place! As we review materials in the library, we are looking for [YOUR INPUT](#) on items you would like to see added to the collection. If you need an account, please complete [this new borrower request](#). Contact [Kathy Alexander](#) for more information.

## Student Opportunities

### Natural Resource Virtual Job Fair

Our Central Oregon Natural Resource partners have prepared a YouTube Virtual Job Fair with positions for over 100 youth open this summer! If you have high school/college students looking for summer employment, watch for the link coming to high school CTE teachers and Career Center Coordinators on April 19th. Contact [Tracy Willson-Scott](#) or [Regine Childs](#) for more information.

### Education in Our Future

Do you know a student who aspires to be a teacher? Education in Our Future (EIOF), a Grow Your Own collaboration, has an outstanding opportunity for future teachers. View information on the upcoming [EIOF Conference](#) and [EIOF Pathways Information Night](#). Inspire others to teach! Contact [Angie Cole](#) for more information.

## CTE-Specific Trainings

### Career Tree

The Career Tree is a tool that helps every student embrace their "Light at the End of the Tunnel" school experience. For more information, contact your school counselor or School-to-Career Coordinator. Contact [Regine Childs](#) or [Sign up for training](#).

## STEM-Specific Trainings

### Rural STE(A)M Learning Collaboratives - K-8 Educators

Join us on April 22nd for a Central Oregon focused Rural STE(A)M Learning Collaborative where we will share-out our successes and brainstorm summer/fall sessions - what do you want to see happen? This is a unique opportunity for rural K-8 administrators and educators to contribute to and lead regional visioning for new approaches for the future of rural STE(A)M education. [Join the conversation](#).
